

USB (Host) to Ethernet Adapter

PS6U1UHE

Features and Benefits

“Wired” Ethernet Connection

- Increase efficiency and speed with a 10 mbps Ethernet connection
- Provides simple & reliable integration between mobile computers and widely deployed networking technology
- Performance advantage over wireless and modem
- Preferred solution for large data transfers
- Reduced security concerns as compared to wireless connectivity options

Universal Form-Factor

- Connects to mobile computer via a USB Mini-A connector
- Supports numerous mobile computers that are NOT capable of acting as USB Host
- Adapter supports many handhelds/PDAs, independent of shape and size
- Small size is highly portable

Improve Workflow and Productivity

- Users can access and synchronize their data
- Access files, Local Area Networks (LANs) and the Internet
- Supports server synchronization software

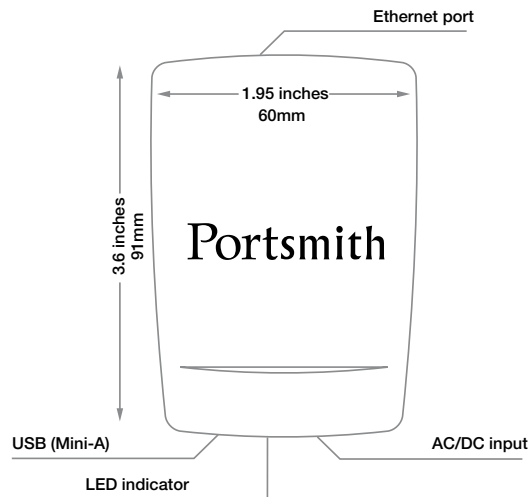

Built on Industry Standards

- Operates as a USB “host”
- Supports most mobile computers which operate as a USB “peripheral”
- Seamless integration with existing network infrastructure
- Compatible with DHCP or Static IP Address assignment
- Minimize support, integration and hardware requirements

PS6U1UHE USB Host Ethernet Adapter

SPECIFICATIONS

- Power adapter wall plug
 - 5 VDC, 3.0A, 100-240 VAC Power Supply required (PN# 190438-000LF)
 - Includes universal plugs for use in USA, Canada and EU
- Charging capability: Provides charging up to 750 ma
- Connectors: 1 RJ45 10BASE-T Ethernet port, 1 Mini-A USB 1.1 port, 1 power port
- Indicators / LEDs: Communication Status, Ethernet Link Status, Ethernet Connection Speed
- Operating Temperature: 32°F to 104°F (0°C to 40°C)
- Dimensions: 3.6" x 1.95" x 1" (91mm x 59.5mm x 24mm)
- Weight: 2.0 oz (0.06 kg)
- Certifications: FCC Part 15 Class B, CE, RoHS Directive 2002/95/EEC

REQUIREMENTS

- Compatible Mobile Computer and USB Cradle (visit www.Portsmith.com for compatibility info)
 - Supports many Palm, Symbol/Motorola, Intermec, Honeywell, Datalogic and Janam mobile computers
- USB cable (varies by application)
- 10 mbps Ethernet connection
- 100—140V AC power outlet

PACKAGE CONTENTS

- (1) PS6U1UHE Ethernet Adapter
- (1) 100-240V AC Adapter with interchangeable country plugs
- (1) USB Cable, Mini-A to Mini-B (170373-000)
- Quick Connect guide
- Warranty Registration available online form at www.Portsmith.com

ORDERING INFORMATION

- Portsmith USB "Host" to Ethernet Adapter (PS6U1UHE)
- Includes Power Supply and USB cable (Mini-A to Mini-B)
